

Reach regulation 1907/2006; here training for users

Dear partner,

You will find below information about the training on the use of products containing di-isocyanates and the possibility to participate directly in the online training.

Further details in your native language can be found simply by clicking on the following link:

<https://eur-lex.europa.eu/legal-content/DE/ALL/?uri=CELEX:32020R1149>

As agreed, please check the following training opportunities offered:

Training for diisocyanate users starts now !!!

ISOPA and ALIPA inform that the online training courses for di-isocyanate users are now live in English and German!

You can access the trainings by [clicking here](#).

The platform is accessible EU-wide and will soon be available in all remaining EU languages, starting with German on December 1, 2021. As you may know, the training program developed by ISOPA and ALIPA aims to assist stakeholders in implementing the EU requirements on training for di-isocyanate users, which will become mandatory on August 24, 2023 become mandatory.

For more information on the training requirements, visit <https://www.safeusediisocyanates.eu/>

Please also [subscribe](#) here to receive the latest information on the introduction of the Training Program or write to us if you have any questions.

Please do not hesitate to contact us if you have any further questions.
