

# GREEN TEC – IN THE SENSE OF SUSTAINABILITY

Protecting

## SUSTAINABLE QUALITY IS THE SOLUTION

As a leading supplier of special systems for corrosion protection, we are at home in the world's workshops for over 70 years. We want to make mobility and transportation for people safer and more durable.

Protecting values – that is our target. Of course, this includes our planet, because we only have this one world. The permanent further development of our products with regard to environmental compatibility is one of our most important tasks. We produce as resource-efficiently as possible and use our concentrated innovative power for even better, emission-free products.

**We take responsibility!**

## DINITROL Green Tec

We use all our experience and innovation to make our products better and more environmentally friendly.

- **High effectiveness with absolute environmental compatibility**
- **Always the right size and the right package for all problems**
- **Extremely user-friendly**

**Because sustainable quality is the solution.**

## DINITROL 449

Environmentally friendly stone chip and corrosion protection with very good noise insulation

DINITROL 449 is an environmentally friendly, bitumen-based stone chip and corrosion protection with a noise suppression effect. The product is highly elastic and durable after drying. This product protects against stone chipping and changing climatic conditions. The product cannot be lacquer-coated.

## DINITROL ZERO RUST 990 LIQUID & 991 GEL

### Removing perfectly sustainably

No matter whether tools, individual or built-in parts – with ZERO RUST as a liquid for insert or as a gel to apply, even the most stubborn rust is removed without residue and sustainably. Depending on the condition in 2 to 24 hours. The big advantage: the surfaces can be further processed immediately. ZERO RUST is the innovative result of extensive research. Our pioneering product is based on water and contains no acids, petroleum solvents or lyes. It is non-flammable, absolutely non-toxic and biodegradable. Copper, brass, aluminum, plastics, rubber or vinyl are not attacked. Only the rust on all types of iron is perfectly removed with ZERO RUST. Sustainable and absolutely environmentally friendly.

## SUSTAINABLE QUALITY IS THE SOLUTION

As a leading supplier of special systems for corrosion protection, we are at home in the world's workshops for over 70 years. We want to make mobility and transportation for people safer and more durable.

Protecting values – that is our target. Of course, this includes our planet, because we only have this one world. The permanent further development of our products with regard to environmental compatibility is one of our most important tasks. We produce as resource-efficiently as possible and use our concentrated innovative power for even better, emission-free products.

**We take responsibility!**

### BENEFITS

- ✓ Very good stonechip resistance
- ✓ Long lasting protection
- ✓ Compatible with DINITROL977
- ✓ Extra strong corrosion protection
- ✓ Changes colour when drying
- ✓ Long lifetime

**Base material** Bitumen emulsion/Acrylate

Art. Nr.	Size	Package	Color
11538	1 L	Can	Black
11539	20 L	Pail	Black
11567	60 L	Drum	Black
11566	208 L	Drum	Black

### BENEFITS

- ✓ Removes even the strongest rust
- ✓ After 2-24 hours – depending on the condition – all parts are clean again and can be further processed immediately
- ✓ Non-toxic (without acids or bases)
- ✓ And completely biodegradable
- ✓ Ready to use without dilution

YELLOW/  
TRANSPARENT

**Base material** Water

### ZERO RUST 991 GEL

Art. Nr.	Size	Package	Color
11577	1 L	Canister	Yellow/transparent

### ZERO RUST 990 LIQUID

Art. Nr.	Size	Package	Color
11576	1 L	Canister	Yellow/transparent

## DINITROL 449

Environmentally friendly stone chip and corrosion protection with very good noise insulation

DINITROL 449 is an environmentally friendly, bitumen-based stone chip and corrosion protection with a noise suppression effect. The product is highly elastic and durable after drying. This product protects against stone chipping and changing climatic conditions. The product cannot be lacquer-coated.

## DINITROL 958

Quick-drying water-based stone chip protection

DINITROL 958 is a quick-drying waterbased stone chip protection and produces a black elastic film that effectively protects the vehicle against stone chips and road salt. DINITROL958 is environmentally friendly as it does not contain any solvents. The product is suitable for use on cars, buses, trucks and other vehicles during production and in the repairs market. The product protects exposed parts such as doorways, spoilers, shock absorbers, wheel arches and edges. DINITROL958 can be covered with most car lacquers after drying.

## DINITROL 977

Environmentally friendly water-based corrosion protection agent

DINITROL 977 is a semi-transparent, water-based and liquid corrosion protection for cavities in vehicles, trucks, buses and other premises or locations where corrosion protection is required. The product is water-repellent and has excellent penetration properties. After drying, a wax coating remains with good temperature resistance up to approx. +120 °C and is almost non-sticking. When DINITROL977 heats up in a dry state due to the sun or engine heat, it does not emit the conventional smell of cavity waxes.

### BENEFITS

- ✓ Very good stonechip resistance
- ✓ Long lasting protection
- ✓ Compatible with DINITROL977
- ✓ Extra strong corrosion protection
- ✓ Changes colour when drying
- ✓ Long lifetime

Base material		Bitumen emulsion/Acrylate	
Art. Nr.	Size	Package	Color
11538	1 L	Can	Black
11539	20 L	Pail	Black
11567	60 L	Drum	Black
11566	208 L	Drum	Black

### BENEFITS

- ✓ Waterbased, environmentally friendly
- ✓ OEM references
- ✓ Quick drying, black, elastic film
- ✓ Free from solvent
- ✓ Overpaintable

Base material		Acrylate	
Art. Nr.	Size	Package	Color
11545	1 L	Can	Black
11196	20 L	Pail	Black
11398	208 L	Drum	Black

### BENEFITS

- ✓ Waterbased, environmentally friendly
- ✓ Very low VOC
- ✓ Good corrosion resistance
- ✓ Good penetration
- ✓ Low odour
- ✓ Film almost tack free

Base material		Wax emulsion	
Art. Nr.	Size	Package	Color
11540	1 L	Can	Transp./Beige
11541	20 L	Pail	Transp./Beige
11565	60 L	Drum	Transp./Beige
11557	208 L	Drum	Transp./Beige
