# Safety Data Sheet

according to 29 CFR 1910.1200(g)

# **DINITROL 515 B**

Revision date: 01/14/2025

Product code: 10735

Page 1 of 8

#### 1. Identification

<u>Product identifier</u> DINITROL 515 B

## Recommended use of the chemical and restrictions on use

#### Use of the substance/mixture

Adhesives, sealants

#### Uses advised against

No further relevant information available.

#### Details of the supplier of the safety data sheet

## Manufacturer

	nanulaciulei		
C	Company name:	DINOL GmbH

## 2. Hazard(s) identification

#### **Classification of the chemical**

29 CFR Part 1910.1200

Acute toxicity: Acute Tox. 4 (oral)

#### Label elements

#### 29 CFR Part 1910.1200

Signal word:

Pictograms:

Warning

#### Hazard statements

Harmful if swallowed

#### **Precautionary statements**

If swallowed: Call a poison center if you feel unwell. Rinse mouth. Do not eat, drink or smoke when using this product.

Wash hands thoroughly after handling.

#### Hazards not otherwise classified

No information available.

according to 29 CFR 1910.1200(g)

#### **DINITROL 515 B**

Revision date: 01/14/2025

Product code: 10735

Page 2 of 8

#### 3. Composition/information on ingredients

#### **Mixtures**

#### Hazardous components

CAS No	Components	Quantity
25086-89-9	Polyvinylpyrrolidone /Vinylacetate copolimer	1 - 5 %

#### **Further Information**

Full text of H statements: see section 16.

#### 4. First-aid measures

#### Description of first aid measures

#### **General information**

In all cases of doubt, or when symptoms persist, seek medical advice. Never give anything by mouth to an unconscious person or a person with cramps. If unconscious but breathing normally, place in recovery position and seek medical advice.

#### After inhalation

Remove casualty to fresh air and keep warm and at rest.

#### After contact with skin

Change contaminated clothing.

After contact with skin, wash immediately with plenty of water and soap.

#### After contact with eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical advice immediately.

#### After ingestion

Do NOT induce vomiting. Call a physician immediately. Put victim at rest, cover with a blanket and keep warm.

#### Most important symptoms and effects, both acute and delayed

No further relevant information available.

#### Indication of any immediate medical attention and special treatment needed

No further relevant information available.

#### 5. Fire-fighting measures

#### **Extinguishing media**

#### Suitable extinguishing media

alcohol resistant foam, Carbon dioxide (CO2), Extinguishing powder. Water fog.

#### Unsuitable extinguishing media

High power water jet.

#### Specific hazards arising from the chemical

No further relevant information available.

#### Special protective equipment and precautions for fire-fighters

No special measures are necessary.

#### Additional information

Use water spray/stream to protect personnel and to cool endangered containers. Supress gases/vapors/mists with water spray jet.

Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.

#### 6. Accidental release measures

according to 29 CFR 1910.1200(g)

## **DINITROL 515 B**

Revision date: 01/14/2025

Product code: 10735

Page 3 of 8

#### Personal precautions, protective equipment and emergency procedures

#### General advice

Provide adequate ventilation.

Wear personal protection equipment.

Avoid contact with skin, eyes and clothes.

Avoid breathing dust/fume/gas/mist/vapors/spray.

#### For emergency responders

For further specification, refer to section 8 of the SDS.

#### Environmental precautions

Do not allow to enter into surface water or drains.

#### Methods and material for containment and cleaning up

#### For containment

Prevent spread over a wide area (e.g. by containment or oil barriers). Absorb with liquid-binding material (sand, diatomaceous earth, acid- or universal binding agents). Treat the recovered material as prescribed in the section on waste disposal.

#### For cleaning up

Provide adequate ventilation. Clear contaminated areas thoroughly. Do not rinse down with water.

#### Other information

No information available.

# Reference to other sections

Safe handling: see section 7 Personal protection equipment (PPE): see section 8 Disposal: see section 13

#### 7. Handling and storage

#### Precautions for safe handling

#### Advice on safe handling

If handled uncovered, arrangements with local exhaust ventilation have to be used. If local exhaust ventilation is not possible or not sufficient, the entire working area should be ventilated by technical means.

#### Advice on protection against fire and explosion

No special measures are necessary.

# Advice on general occupational hygiene

The usual precautionary measures are to be adhered to when handling chemicals. Keep away from food, drink and animal feedingstuffs. Remove contaminated, saturated clothing immediately. Draw up and observe skin protection programme. Wash hands and face before breaks and after work and take

#### a shower if necessary. When using do not eat or drink.

#### Conditions for safe storage, including any incompatibilities

#### Requirements for storage rooms and vessels

No special measures are necessary.

# Hints on joint storage

Not required.

#### Further information on storage conditions

storage temperature: 0 - 35 °C maximum storage temperature < 35°C minimum storage temperature < 0 °C

according to 29 CFR 1910.1200(g)

## **DINITROL 515 B**

Revision date: 01/14/2025

Product code: 10735

Page 4 of 8

#### 8. Exposure controls/personal protection

#### **Control parameters**

#### Additional advice on limit values

This mixture does not contain any substances presenting a health or environmental hazard within the meaning of the Dangerous Substances Directive 67/548/EEC or Regulation (EC) No 1272/2008, assigned a Community workplace exposure limit, classified as PBT/vPvB or included in the Candidate List.

#### Exposure controls

#### Appropriate engineering controls

Provide adequate ventilation.

If handled uncovered, arrangements with local exhaust ventilation should be used if possible.

If technical exhaust or ventilation measures are not possible or insufficient, respiratory protection must be worn

#### Individual protection measures, such as personal protective equipment

Eye/face protection

Eye glasses with side protection (DIN EN 166)

#### Hand protection

Tested protective gloves must be worn (EN ISO 374):

FKM (fluoro rubber) penetration time (maximum wearing period): 480 min.

NBR (Nitrile rubber) penetration time (maximum wearing period): 480 min.

For special purposes, it is recommended to check the resistance to chemicals of the protective gloves

mentioned above together with the supplier of these gloves.

Protective gloves have to be replaced at the first sign of deterioration.

Protect skin by using skin protective cream.

#### Skin protection

Wear anti-static footwear and clothing

#### **Respiratory protection**

Work in well-ventilated zones or use proper respiratory protection.

#### 9. Physical and chemical properties

#### Information on basic physical and chemical properties

Physical state:	Paste	
Color:	white	
Odor:	characteristic	
Odour threshold:	not determined	
Melting point/freezing point:		not determined
Boiling point or initial boiling point and		100 °C
boiling range:		
Flammability		
Solid/liquid:		not applicable
Lower explosion limits:		not determined
Upper explosion limits:		not determined
Flash point:		164 °C
Auto-ignition temperature:		375 °C
Decomposition temperature:		not determined

#### Irritation and corrosivity

Skin corrosion/irritation: Based on available data, the classification criteria are not met.

Serious eye damage/eye irritation: Based on available data, the classification criteria are not met.

#### Sensitizing effects

Based on available data, the classification criteria are not met.

#### Carcinogenic/mutagenic/toxic effects for reproduction

Germ cell mutagenicity: Based on available data, the classification criteria are not met. Carcinogenicity: Based on available data, the classification criteria are not met. Reproductive toxicity: Based on available data, the classification criteria are not met.

#### Specific target organ toxicity (STOT) - single exposure

Based on available data, the classification criteria are not met.

#### Specific target organ toxicity (STOT) - repeated exposure

Based on available data, the classification criteria are not met.

Carcinogenicity (OSHA):	No ingredient of this mixture is listed.
Carcinogenicity (IARC):	No ingredient of this mixture is listed.
• · · · · · · · · ·	

Carcinogenicity (NTP): No ingredient of this mixture is listed.

#### Aspiration hazard

Based on available data, the classification criteria are not met.

#### Specific effects in experiment on an animal

No information available.

#### Additional information on tests

No information available.

#### **Practical experience**

No information available.

# Information on other hazards

#### Endocrine disrupting properties

Endocrine disrupting potential No information available.

#### **Further information**

There are no data available on the preparation/mixture itself.

#### 12. Ecological information

#### Persistence and degradability

There are no data available on the mixture itself.

#### **Bioaccumulative potential**

There are no data available on the mixture itself.

#### Mobility in soil

There are no data available on the mixture itself.

#### Endocrine disrupting properties

This product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms as no components meets the criteria.

#### Other adverse effects

No information available.

## **DINITROL 515 B**

Revision date: 01/14/2025

Product code: 10735

Page 7 of 8

#### Further information

There are no data available on the mixture itself.

#### 13. Disposal considerations

#### Waste treatment methods

#### **Disposal recommendations**

Dispose of waste according to applicable legislation. Do not mix with other wastes.

#### RCRA Hazardous wastes (Resource Conservation and Recovery Act)

None

#### Contaminated packaging

Dispose according to legislation.

#### 14. Transport information

# U.S. DOT 49 CFR 172.101

No dangerous good in sense of this transport regulation. Proper shipping name: Marine transport (IMDG) UN number or ID number: No dangerous good in sense of this transport regulation. UN proper shipping name: No dangerous good in sense of this transport regulation. Transport hazard class(es): No dangerous good in sense of this transport regulation. No dangerous good in sense of this transport regulation. Packing group: Marine pollutant: no Air transport (ICAO-TI/IATA-DGR) UN number or ID number: No dangerous good in sense of this transport regulation. No dangerous good in sense of this transport regulation. UN proper shipping name: Transport hazard class(es): No dangerous good in sense of this transport regulation. No dangerous good in sense of this transport regulation. Packing group: **Environmental hazards ENVIRONMENTALLY HAZARDOUS:** No Special precautions for user No dangerous good in sense of this transport regulation.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

No dangerous good in sense of this transport regulation.

#### 15. Regulatory information

#### U.S. Regulations

#### National Inventory TSCA

All components of the product are publicly listed or excluded.

#### National regulatory information

SARA Section 311/312 Hazards:

Polyvinylpyrrolidone /Vinylacetate copolimer (25086-89-9): Immediate (acute) health hazard

#### State Regulations

Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65, State of California)

This product can not expose you to chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

This mixture contains the following substances of very high concern (SVHC) which are included in the Candidate List according to Article 59 of REACH: none

#### 16. Other information

# Other data

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.

(The data for the relevant ingredients were taken respectively from the last version of the sub-contractor's safety data sheet.)

Revision No: 1,5 - Replaces version: 1,4
